Product overview

Yendo™ – Touch the screen. Start the concert

Flick. Touch. Play. Scream. Or just lean back and drift away. To the music that moves you. Living is easy, especially through the 2.6" touchscreen. Four corners, four icons and everything you want. One touch away, in the simplest possible way. Isn't that how it should be?

Hit on the right hits

Touch to listen, skip, fast forward, replay. The tracks you love through the 3.5 mm stereo jack, or Bluetooth™ headset. Hit on the right hits with TrackID™ and the PlayNow™ service*. What's your favourite playlist? Easily move your music and your other files from your PC to Yendo™ with Media Go. In an instant.

All your true colours

Reinvent yourself. Through styles. Through colours. And tell everyone. With a quick text to Facebook™* or Twitter™. Speaking of colour. What's yours? Red for undying love? Shimmering silver from the glass skyscraper? Yellow for beach sunsets? There's up to ten to choose from, so finding your favourite could take time.
